NASPH Technical Assistance Site Team: Christine Collins, Mary Takach, and Rachel Yalowich

Topic	Presenter	Notes
Welcome/ Introductions	Charles Novak	The meeting was called to order at 9:05 and introductions were made for all in attendance including National Academy of State Health Policy site visit team members, Mary Takach, MPH, RN and Rachel Yalowich, and Christine Collins, MSW from North Carolina Office of Rural Health and Community Care. Gina gave an overview of the technical assistance grant and noted on Wednesday the technical assistance team would meet with the state SHIP staff and visit the following sites in Boise: Terry Reilly Health Services, Allumbaugh House and the PEER Wellness Center.
Technical Assistance Presentation: Integrating Systems of Care	Chris Collins, MSW	Chris Collins presented information on integration of systems of care from her experiences with the state of North Carolina and best practices and research-based recommendations. Members of the subcommittee had the opportunity to ask questions and have discussion.  Stakeholders statewide will attend this presentation in the afternoon, via the DHW video conference equipment. Approximately 85 people will attend in 10 sites across the state.
SHIP Update	Cynthia York	Cynthia York provided a brief update on the many developments of the SHIP statewide. A summary report is attached for review.
Behavioral Health Integration Survey:	Gina Westcott	Gina updated the subcommittee that the statewide tour to survey current patient centered medical homes enrolled in the Medicaid project is nearly completed for regions 1, 2, 6 and 7.
Adjournment		<b>Next meeting is scheduled for Tuesday, December 1, 2015,</b> <b>Please note the December 1, 2015 meeting is canceled. The next meeting is Tuesday, January 5, 2016 at Region 4 offices, room 131, 1720 Westgate Dr., Boise, ID 83704</b>

Region 4  
ukee

## Mission and Vision

The goal of the SHIP is to redesign Idaho's healthcare system, evolving from a fee-for-service, volume based system to a value based system of care that rewards improved health outcomes.

*Goal 1: Transform primary care practices across the state into patient-centered medical homes (PCMHs).*

*Goal 2: Improve care coordination through the use of electronic health records (EHRs) and health data connections among PCMHs and across the medical neighborhood.*

*Goal 3: Establish seven Regional Collaboratives to support the integration of each PCMH with the broader medical neighborhood.*

*Goal 4: Improve rural patient access to PCMHs by developing virtual PCMHs.*

*Goal 5: Build a statewide data analytics system that tracks progress on selected quality measures at the individual patient level, regional level and statewide.*

*Goal 6: Align payment mechanisms across payers to transform payment methodology from volume to value.*

*Goal 7: Reduce overall healthcare costs*
