

Work Group: Clinical Quality Improvement
Research Question: Background on Idaho Medical Home Collaborative Background

Source: Idaho Medical Home Collaborative (IMHC)
<http://www.imhc.idaho.gov/PilotExpectations.aspx>

1. Background
 - Created by Governor Otter in 2010 via Executive Order.
 - Overseen by the Idaho Department of Insurance (DOI).
 - Aims to transform the primary care delivery system to optimize health system performance by addressing three dimensions (Institute for Healthcare Improvement calls them the “Triple Aim”):
 - Improving the patient experience of care (including quality and satisfaction).
 - Improving the health of populations.
 - Reducing the per capita cost of health care.
 - Stresses collaboration with public payers, private health insurers, primary care physicians, and other interested stakeholders.

2. Goal of IMHC is to make recommendations to the DOI and the Governor regarding
 - PCMH definition.
 - Provider qualifications and standards.
 - Payment methodologies.
 - Consumer and provider engagement.
 - Care coordination and case management guidelines.
 - Health data exchange.
 - Evaluation measures, including cost and quality-based outcomes measures.

3. Pilot – 2 year program
 - Commenced on 01/01/2013.
 - Goals – Receive at least level 1 National Committee for Quality Assurance recognition by the end of year two of participation.
 - Technical assistance to practices in the form of materials, coaching and “learning collaborative”.
 - Payment

| MOC | Payer Type | PMPM |
|---------------------|----------------------|--------------------|
| Blue Cross of Idaho | Private | \$15.50 to \$20.22 |
| Idaho Medicaid | Medicaid FFS model | \$15.50 |
| Pacific Source | Private | \$22.50 |
| Regence Blue Shield | Private and Medicare | \$33.00 to \$42.00 |

4. Pilot includes 23 organizations:

- 19 family practices
- 2 pediatric practices
- 2 multi-specialty practices

5. Data reporting requirements

- Two clinical quality measures – disease of choice from a list provided by the State.
- Two preventive quality measures.
- Two practice transformation measures.
