**Visitor Parking is now available south of the State Street parking garage, at 5th and State Street, the old courthouse parking lot (3 hour limit) in marked stall only.

Mission and Vision

The goal of the SHIP is to redesign Idaho's healthcare system, evolving from a fee-for-service, volume based system to a value based system of care that rewards improved health outcomes.

Goal 1: Transform primary care practices across the state into patient-centered medical homes (PCMHs).

Goal 2: Improve care coordination through the use of electronic health records (EHRs) and health data connections among PCMHs and across the medical neighborhood.

Goal 3: Establish seven Regional Collaboratives to support the integration of each PCMH with the broader medical neighborhood.

Goal 4: Improve rural patient access to PCMHs by developing virtual PCMHs.

Goal 5: Build a statewide data analytics system that tracks progress on selected quality measures at the individual patient level, regional level and statewide.

Goal 6: Align payment mechanisms across payers to transform payment methodology from volume to value.

Goal 7: Reduce overall healthcare costs
