

STATEWIDE HEALTHCARE INNOVATION PLAN (SHIP) Final PCMH Application for Cohort 1

SECTION 3: HEALTH INFORMATION TECHNOLOGY (HIT) CAPABILITIES

Rationale: We understand that every clinic in Idaho has a different level of experience and may use one of several platforms (i.e. EHR). Access to data, in a timely and consistent manner is essential for effective practice transformation. Additionally, federal grant reporting requirements necessitate practice connectivity to the Idaho Health Data Exchange (IHDE) and a yet to be determined data analytics vendor. Many of the questions included in this section are readiness related and will assist the IHDE once the first wave selection has been completed. Only questions appearing in BOLD will be considered as selection criteria.

28. * Does your clinic have an electronic health record?

- Yes
- No

29. Do you have a planned EHR implementation within the next 12 months?

- Yes
- No

30. Please explain your plans, the selected product (version) and anticipated timeline for implementation:

31. What brand of EHR are you using?

- AdvancedMD
- Allscripts Professional
- athenaClinicals
- Atlas.md
- Centricity EMR by GE
- CompuGroup Medical (CGM)
- e-MDs
- eClinicalWorks
- Epic
- HealthFusion MediTouch
- Healthland Centriq
- IHS Resource and Patient Management System (RPMS)
- Integrity by Vitera
- Intergy by Greenway Health
- Kareo
- Medics DocAssistant
- NextGen
- Office Ally
- Office Practicum
- Practice Partner by McKesson
- Practice Fusion
- SOAPware
- SuccessEHS by Greenway Health
- Other (please specify):

32. How many months has the clinic been using it's current EHR system?

33. Do you have any EHR conversions planned for the next 18 months?

- Yes
 No

34. Please describe the product and timeline for the transition:

35. What version of the EHR is currently deployed to production?
(This can often be located on the splash screen of the program when launched; SEE EXAMPLE BELOW)

36. Is your current EHR system/version certified for participation in the CMS EHR incentive program?

- Yes
 No

37. What is the highest level of attainment by an eligible provider in the CMS EHR incentive program?

- Please select one ... Adopt/Implement/Upgrade
 Stage 1, Year 1
 Stage 1, Year 2
 Stage 2, Year 1
 Stage 2, Year 2

38. Does your EHR support Health Information Exchange (HIE) connectivity?
(This functionality may need to be activated by your vendor, not all EHR products even support this. You may need to contact your EHR vendor for assistance in answering this question)

- Yes
 No

39. Do you have access to vendor product support?

- Yes
 No

40. Do you have access to helpdesk support when you have questions about your EHR?

- Yes
 No

41. Do you feel your support needs are addressed with your current resources?

- Yes
 No

42. Please describe your unmet needs further:

43. Does your EHR have disease registry capability for population health management?

- Yes
 No

44. Is the disease registry a component of your EHR?

- Yes
 No

45. Is the disease registry managed in a separate software (i.e. standalone)?

- Yes
 No

46. What diseases are you tracking?

46. What diseases are you tracking?

47. Is your EHR connected to the Idaho Health Data Exchange (IHDE)?

- Yes
 No

48. How many months have you been connected?

49. Is the clinic currently using the portal to access patient data and information?

- Yes
 No

50. Is the connection bi-directional (sending and receiving information)?

- Yes
 No

51. Please identify your clinic lead for the EHR:
