

Project Management and Financial Analysis Contract Update

Submitted to the Idaho Healthcare Coalition

May 13, 2015

Submitted by : Cynthia York – Administrator, Office of Health Care Policy Initiatives

Activity Dates: **April 8, 2015 – May 12, 2015**

Contract Status:

The RFP for the Project Management and Financial Analysis Contract closed on March 16, 2015. The evaluations have been completed and reviewed. The request for CMMI budget review was submitted on Monday, May 11th. CMMI asks for 30 days to review, however our Project Officer has indicated the process should be much shorter. The intent to award letters have been sent out and we are currently in the 5 business day appeal time frame and cannot provide any information about vendors who submitted proposals or who may be the potential winning vendor. As soon as DHW receives CMMI approval the contract will be awarded. We anticipate award to be no later than June 14, 2015.
