

# (draft) AGENDA

## **SHIP Regional Health Collaboratives Kick-off**

**November 5, 2015**

**7:30 am – 4:30 pm**

**The Grove Hotel, Downtown Boise**

**Goal 3 of the SHIP: Establish seven Regional Collaboratives to support the integration of each PCMH with the broader Medical Neighborhood.**

The purpose of the workshop is to convene the Regional Health Collaboratives leadership teams from each of Idaho's seven Public Health Districts (PHD), PHD's SHIP staff, DHW SHIP staff and IHC leadership, and provide them with a structured forum for discussions about project's assumptions, definitions, roles and expectations. In addition, RC leadership teams will convene in a breakout session to discuss the structure and composition of their respective RCs.

The overall objective of the workshop is to develop a draft project roadmap for each District's RC in the form of a Project Charter. Within the charter, districts will be identifying regional stakeholders, communication channels, risks and mitigation strategies, as well as timeline and milestones.

# MORNING

<b>7:30 – 8:00</b> (30 min)	<b>Registration</b> Continental Breakfast	Plenary
