

State Healthcare Innovation Plan Population Health Workgroup

IDAHO DEPARTMENT OF HEALTH & WELFARE
DIVISION OF PUBLIC HEALTH

June 1, 2015

PROPOSAL

Activities of the Population Health Workgroup:

- Advise the Idaho Healthcare Coalition and the Regional Collaboratives on population health, both within the patient centered medical home and in the medical/health neighborhoods to achieve the 80% population requirement of CMMI
- Advise other workgroups of the Idaho Healthcare Coalition on population health
- Assist in the creation of the SHIP Population Health Improvement Plan based on the *Get Healthy Idaho: Measuring and Improving Population Health* created by the Division of Public Health [http://www.healthandwelfare.idaho.gov/Portals/0/Health/Get%20Healthy%20Idaho%20%20Measuring%20and%20Improving%20Population%20Health%20%20%20April%202015%20\(2\).pdf](http://www.healthandwelfare.idaho.gov/Portals/0/Health/Get%20Healthy%20Idaho%20%20Measuring%20and%20Improving%20Population%20Health%20%20%20April%202015%20(2).pdf)
- Assist in the development of population health measures of the Community Health Worker, Community EMS and telehealth pieces of SHIP
- Review the *Performance Measure Catalog* of SHIP clinical measures and identify population health measures and the sources of those measures
- Propose values to be used as “baselines” for the population health measures identified
- Identify opportunities for public health and primary care integration within the Regional Collaboratives that can positively impact SHIP success

Membership:

- Division of Public Health staff with expertise in population health
- Local public health district directors
- Local public health district SHIP managers
- Regional Collaborative chairs or key leaders as they are identified
- Idaho Healthcare Coalition members
